

// ABOUT ME

THE HUMAN BEHIND THE CODE

CE STUDENT • FULL-STACK DEVELOPER • FREELANCER • TURKEY

// BIO

8+ years in software development. Started with HTML & CSS, went full-stack with Node.js in 2019. Freelancing for the last 4 years – shipping client work between lectures.

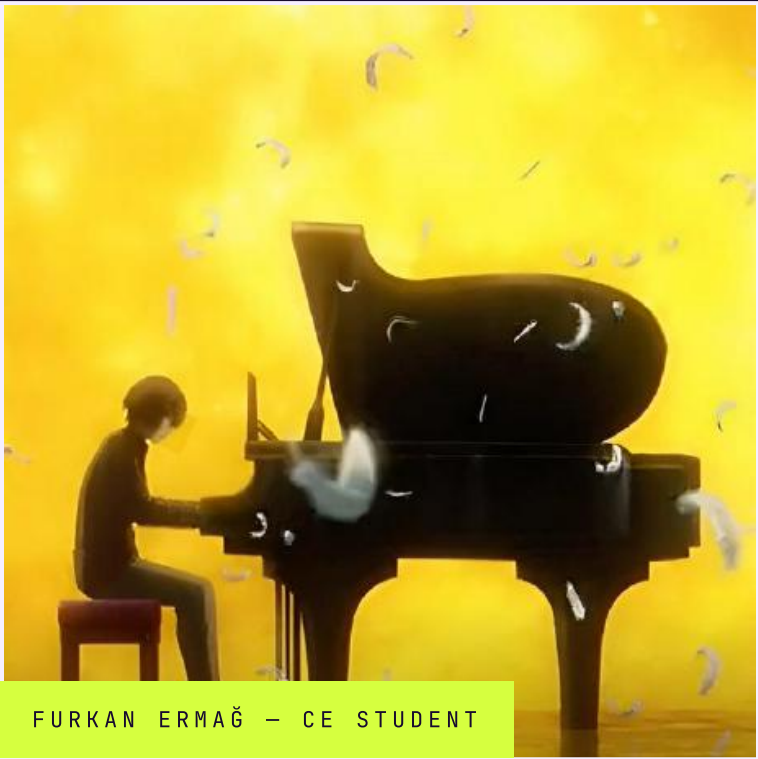

Backend: ExpressJS, NestJS, Rust, Go. Frontend: ReactJS, NextJS, Vue. Databases: MongoDB, Cassandra, MySQL. Mobile: React Native – plus a little C++ and C# when the job calls.

Design software: Photoshop, Premiere Pro, Figma, Illustrator. A developer who can design ships better products.
